

Certificate III in Finance (Accounting)

The purpose of Certificate 3 in Finance (Accounting) is intended to develop an individual's skills and knowledge essential in accounting and bookkeeping skills to manage finances for a small business or organization. The qualification is to meet the needs of the micro, small and medium enterprise business sector (MSME Sector) to respond to the challenges MSMEs face in viably managing finances and the concerns they have about future business growth and success that could be addressed with skills development.
